

I. DISPOSICIONS GENERALS

MINISTERI DE JUSTÍCIA

2307 *Reial decret 195/2017, de 3 de març, pel qual es modifica la demarcació dels registres de la propietat, mercantils i de béns mobles.*

La disposició final tercera del Reial decret 172/2007, de 9 de febrer, pel qual es modifica la demarcació dels registres de la propietat, mercantils i de béns mobles ordena al Ministeri de Justícia, a través de la Direcció General dels Registres i del Notariat, que elabori en el termini màxim de cinc anys a partir de l'entrada en vigor d'aquesta norma els estudis necessaris per modificar la demarcació registral, en els supòsits i les condicions que preveu l'article 275 de la Llei hipotecària. Aquest precepte fixa com a criteri determinant de la nova planta registral la conveniència imposada pel servei públic atès el volum i moviment de la titulació sobre béns immobles i drets reals. Aquest criteri, transposat a l'àmbit dels registres mercantils de conformitat amb el que estableix l'article 80 del Reglament del Registre Mercantil, aprovat pel Reial decret 1784/1996, de 19 de juliol, es tradueix en el volum i moviment de la titulació gestionada teòricament per cada registrador mercantil.

En el seu compliment, la Direcció General dels Registres i del Notariat ha procedit a sol·licitar als registres de la propietat, mercantils i de béns mobles les estadístiques i enquestes necessàries als efectes de la confecció en el termini indicat dels estudis a què es refereix l'apartat precedent i se'n conclou la necessitat de modificar la demarcació registral vigent, portada a terme mitjançant el Reial decret 172/2007, de 9 de febrer, i es considera necessària la seva adequació a la realitat de l'activitat del mercat immobiliari, mercantil i de béns mobles actual, per a la qual cosa s'han buscat noves fórmules d'organització registral que permetin l'adequació més correcta a les necessitats que demanda en aquests moments la prestació del servei esmentat.

Per tant, la demarcació registral que aprova aquest Reial decret té com a objectiu últim adequar les condicions de la prestació del servei a les demandes actuals de la societat, com a garantia de la seguretat jurídica preventiva de les operacions que es portin a terme, fet que al seu torn comporta la necessitat d'emprendre mesures de reordenació del mateix cos de registradors de la propietat, mercantils i de béns mobles amb la finalitat de la prestació més efectiva i eficient del servei públic registral que li correspon.

En conseqüència, partint del propòsit de millorar la prestació del servei públic registral que reben els ciutadans, es procedeix a una modificació de la demarcació registral que per a la seva plena efectivitat ha d'anar acompanyada de les actuacions necessàries que permetin portar a terme el degut reajustament del nombre de registradors que exerceixen les seves funcions en registres de la propietat, mercantils i de béns mobles, atenent la situació econòmica actual del país i les previsions de propera evolució.

Així mateix, se significa que els criteris generals que s'estableixen de demarcació registral tenen com a finalitat vetllar per l'accessibilitat dels ciutadans als serveis registrals en condicions d'igualtat en tot el territori nacional.

En relació amb això, i pel que fa als registres de la propietat, és necessari destacar que, atenent el fet que una part de les oficines registrals establertes pel Reial decret 172/2007, de 9 de febrer, no van ser creades efectivament, i que algunes de creades van ser inviables per mantenir-se com a independents, és necessari modificar la demarcació registral amb la finalitat d'operar la seva reagrupació en nom de la seva eficiència òptima. Així mateix, és necessari atendre la necessitat d'amortització dels registres històricament considerats incongrus, la qual cosa es porta a terme mitjançant la seva agrupació amb el registre més proper perquè tots dos els cobreixi un sol registrador, tenint en compte que en les localitats corresponents a la capitalitat de registres que queden agrupats amb d'altres situats en diferent localitat, l'agrupació produïda és estrictament funcional, atès que les

oficines ja existents es mantenen obertes al públic per a totes les operacions que li són pròpies. Dit altrament, no hi ha cap capitalitat amb un registre actualment establert que com a conseqüència d'aquesta demarcació se'n quedi sense.

D'altra banda, s'estableixen modificacions en certs districtes hipotecaris determinades per l'aplicació del principi territorial. En concret, la de l'àmbit de Balmaseda i Villarcayo té com a objecte donar compliment a la Proposició no de llei aprovada pel Congrés dels Diputats amb data 18 de juny de 2013, que proposava el trasllat del territori corresponent al Valle de Mena d'acord amb el principi de demarcació provincial. La del terme municipal de Madrid i Rivas-Vaciamadrid implica incorporar a la demarcació registral l'alteració en el terme municipal de Madrid acordada pel Decret 67/2006, de 2 d'agost, del Consell de Govern de la Comunitat de Madrid. La de Sogorb i Lliria obeeix també al criteri de demarcació provincial. La dels districtes d'Estepona número 2 i Ronda, per raó de la ubicació i proximitat dels termes municipals afectats. La modificació relativa al terme municipal de Torremontalbo es justifica en la segregació d'aquest portada a terme per la Llei 3/2010, de 10 de març, de la Comunitat Autònoma de La Rioja. La del *concejo* de Grado obeeix a la necessitat d'unificar hipotecàriament el districte al qual pertany la totalitat del Consell esmentat. Es contenen precisions cridades a solucionar un problema que històricament s'havia revelat a la zona de San Cristóbal de La Laguna, El Rosario i Santa Cruz de Tenerife i que disposa de l'informe favorable del Deganat Territorial de Registradors de Tenerife. I es procedeix a separar definitivament el Registre de la Propietat de Sevilla número 1 dels registres mercantils i de béns mobles d'aquesta ciutat. En aquest últim cas, d'acord amb el que estableix la Comunitat Autònoma d'Andalusia, amb competència executiva en matèria de demarcació, aquesta separació no s'ha de fer de manera immediata, sinó que s'ha de demorar fins al dia 21 de novembre de 2017.

Pel que fa als registres mercantils i de béns mobles, se significa que la determinació del nombre de registradors que han d'estar a càrrec de cada registre mercantil i de béns mobles es fa de conformitat amb el que disposen els articles 14.1 i 16 del Reglament del Registre Mercantil, i obeeix a la recerca d'una precisió més gran en la fórmula de la determinació esmentada que permeti ajustar-la a la necessitat del servei, a la seva eficàcia i a la seva eficiència.

Per a això es parteix de considerar, prenent per base l'article 275 de la Llei hipotecària, criteris similars als fixats per als registres de la propietat, fet que obliga a atènyer-se no només al nombre de dipòsits de comptes, sinó també al nombre total de documents gestionats –generals, especials (nomenament d'experts independents, auditors i legalitzacions de llibres), dipòsits de comptes i béns mobles– en cada Registre Mercantil.

I en la determinació dels criteris a seguir, es considera necessari aconseguir l'equilibri apropiat entre l'eficiència dels registres i la garantia màxima del control de legalitat efectuat pel registrador, fet que suposa considerar un nombre ponderat d'assumptes que corresponguin a cada registrador mercantil. A aquests efectes, s'ha pres com a referència de mitjana de documents dels registres mercantils unipersonals la quantitat de 22.500 documents per any, xifra que a partir dels indicadors actuals de qualitat disponibles a la Direcció General dels Registres i del Notariat es considera que és el nombre mínim d'assumptes que de manera eficient pot portar a terme un registrador mercantil dedicat en exclusiva a això.

Atenent el que s'ha exposat, resulta que l'aplicació d'aquest Reial decret en l'àmbit dels registres mercantils, a diferència del que succeeix en l'àmbit dels registres de la propietat, suposa la necessitat de dotar més places, per a la qual cosa es procedeix a portar a terme una reassignació de registradors a aquestes, amb la consideració del caràcter únic del cos de registradors de la propietat, mercantils i de béns mobles, perquè s'atenguin adequadament les noves funcions atribuïdes als registradors mercantils, en compliment de la normativa vigent, en relació amb el codi LEI, a la legalització dels llibres d'empresaris en format electrònic, al nomenament d'auditors i experts independents en relació amb els acords de finançament, al nomenament de mediadors concursals en acords extrajudicials de pagaments, a les sol·licituds d'auditor, als expedients de reducció

de capital en cas d'alienació de participacions i convocatòria de juntes de societats de capital.

D'acord amb això, i una vegada fixat el nombre global de places de registrador que han d'atendre els registres mercantils i de béns mobles, segons el que disposa l'article 4, i tenint en consideració que l'agrupació vigent entre registres mercantils i registres de béns mobles té caràcter transitori, segons el que estableix la disposició transitòria única del Reial decret 1828/1999, de 3 de desembre, pel qual s'aprova el Reglament del Registre de condicions generals de contractació, a l'article 5 es procedeix a segregar els registres de béns mobles que es considera que tenen un volum suficient per mantenir una existència autònoma, per a la qual cosa s'atén la xifra total mitjana de 30.000 documents gestionats en relació concreta amb el Registre de Béns Mobles, xifra que al seu torn serveix de denominador per determinar el nombre de places de registrador que han de cobrir aquests registres. L'annex V detalla els registres afectats per aquest precepte, i especifica quines són les places de registrador mercantil que queden i quines les de registrador de béns mobles que es creen. A la disposició transitòria primera es determina que la segregació dels registres de béns mobles és funcional, sense que pugui donar lloc a un increment dels costos operatius corresponents, i es confereix el dret d'opció preferent als registradors actualment a càrrec d'aquests registres perquè puguin escollir entre un o altre dels registres afectats per la segregació abans d'incloure els sobrants en el concurs ordinari corresponent.

Pel que fa a la part final del Reial decret s'han de destacar les disposicions següents: la disposició addicional primera, que es refereix a les oficines registrals d'atenció a l'usuari, el manteniment de les quals és imposat per la necessitat de satisfer el servei públic en els termes municipals en què, com a conseqüència d'aquesta demarcació, queda suprimit el Registre. Així, s'adopta la fórmula ja introduïda en l'àmbit dels registres mercantils a l'article 16.4 del Reglament del Registre Mercantil, mitjançant la reforma efectuada pel Reial decret esmentat 172/2007, de 9 de febrer. La disposició final primera, que suposa una modificació del criteri de distribució de competència entre registres en cas de finques ubicades en dos districtes hipotecaris diferents, la qual cosa es justifica en el fet que s'han apreciat problemes derivats de la qualificació respectiva de cadascun dels registradors afectats, circumstància que ha exigint una solució de caràcter objectiu; així com la disposició final tercera, sobre la revisió de la demarcació registral, destinada a garantir una propera elaboració per part del Ministeri de Justícia dels estudis necessaris per modificar la demarcació actual, atenent els factors que s'hi concreten, i que així mateix preveu l'elaboració per part de la Direcció General dels Registres i del Notariat d'un informe anual sobre el funcionament i la valoració per part dels usuaris de la xarxa registral i de les seves oficines.

Finalment, els annexos contenen l'aplicació concreta dels criteris que estableixen els articles 2, 3, 4 i 5 d'aquest Reial decret.

Pel que fa a la tramitació d'aquest Reial decret es manifesta que ha estat sotmès al tràmit d'audiència i informe del Col·legi de Registradors de la Propietat i Mercantils d'Espanya, dels aleshores ministeris d'Economia i Competitivitat i d'Hisenda i Administracions Públiques, i que s'ha comptat amb la participació de les comunitats autònomes i s'ha obtingut informe de les comunitats autònomes amb competència executiva en matèria de demarcació.

Aquest Reial decret respecta plenament la distribució i l'assumpció de competències en la matèria per part de les comunitats autònomes, de manera que les previsions que s'hi contenen són totalment conformes a la doctrina elaborada en aquest sentit pel Tribunal Constitucional continguda, en particular, a la Sentència 31/2010, de 28 de juny. D'una banda, aquest Reial decret estableix els criteris generals de modificació de la demarcació dins del respecte i la salvaguarda de la competència de l'Estat en aquest punt i, de l'altra, pel que fa a les comunitats autònomes amb competència específica en la matèria, s'han observat i atès tant les seves competències sobre demarcació registral, com ara el cas de la Comunitat Autònoma de Catalunya, com les competències executives sobre l'establiment

de demarcació registral que en aquesta matèria té assumides la Comunitat Autònoma d'Andalusia, com es concreta més endavant.

Així, i en el marc del respecte i la salvaguarda de la competència de l'Estat en la matèria, pel que fa a la Comunitat Autònoma de Catalunya, s'ha atès la seva competència sobre demarcació registral, de conformitat amb l'atribució competencial que preveu l'article 147.1.c) de la Llei orgànica 6/2006, de 19 de juliol, de reforma de l'Estatut d'autonomia de Catalunya, interpretat de conformitat amb la Sentència del Tribunal Constitucional 31/2010, de 28 de juny (FJ 90). En conseqüència, i en exercici de les seves competències d'execució, el Reial decret preveu les seves atribucions per a la determinació concreta dels registres a reagrupar o agrupar, d'acord amb els criteris establerts, així com, si s'escau, la determinació dels registres que per raons d'organització territorial no s'hagin d'amortitzar en casos excepcionals; aquest Reial decret també preveu la realització de les alteracions dels districtes hipotecaris d'acord amb el criteri general; l'ampliació del nombre de places de registrador mercantil en el seu àmbit territorial d'acord amb els criteris estatals; el nomenament de registradors accidentals en els casos determinats per aquest Reial decret; així com la resolució de dubtes de l'actuació d'aquesta. Per la seva banda, en relació amb la Comunitat Autònoma d'Andalusia, s'ha atès així mateix la seva competència en la matèria, de conformitat amb l'atribució competencial que preveu l'article 77.1r de la Llei orgànica 2/2007, de 19 de març, de reforma de l'Estatut d'autonomia per a Andalusia, i, en conseqüència, s'inclou en el Reial decret la modificació de la demarcació registral completa en el seu territori; la Comunitat Autònoma esmentada ha prestat la seva conformitat expressa amb la incorporació dels registres andalusos als annexos d'aquest Reial decret, si bé s'ha adequat aquesta incorporació a les observacions contingudes en el dictamen del Consell d'Estat sobre el projecte de reial decret.

D'acord amb això, les previsions del Reial decret són plenament respectuoses amb la jurisprudència més recent del Tribunal Constitucional en la matèria, en particular, amb el pronunciament de la Sentència 31/2010, de 28 de juny. D'acord amb aquesta, mitjançant aquest Reial decret l'Estat estableix els criteris generals de modificació de la demarcació dels registres de la propietat, mercantils i de béns mobles, i es considera imprescindible aquesta actuació als efectes de la coordinació general del sistema registral en tot el territori de l'Estat, per assegurar una ràtio equilibrada de presència registral en tot el territori nacional i tenint en consideració la configuració del cos de registradors de la propietat, mercantils i de béns mobles com a cos únic nacional de funcionaris (STC 4/2014, de 16 de gener, FJ 4), i és inqüestionable que els registradors «únicament se situen en relació de dependència jeràrquica amb l'Estat, a través de la Direcció General dels Registres i del Notariat, òrgan superior d'aquells» (STC 4/2014, de 16 de gener, FJ 4). La demarcació que preveu el Reial decret pretén garantir així que la prestació del servei públic registral pel cos de registradors de la propietat, mercantils i de béns mobles, de caràcter únic i configuració estatal, pugui respondre de manera adequada i eficient a la demanda generada a la societat per les persones físiques i jurídiques afectades en nom de la seva plena seguretat jurídica preventiva.

Aquest Reial decret es dicta a l'empara del que disposa l'article 149.1.8a de la Constitució espanyola, que atribueix a l'Estat la competència exclusiva sobre l'ordenació dels registres i instruments públics, pel que fa als registres de la propietat, i a l'empara de la competència atribuïda a l'Estat per l'article 149.1.6a de la Constitució espanyola sobre legislació mercantil, en relació amb els registres mercantils i de béns mobles.

En virtut d'això, a proposta del ministre de Justícia, d'acord amb el Consell d'Estat i amb la deliberació prèvia del Consell de Ministres a la reunió del dia 3 de març de 2017,

DISPOSO:

Article 1. *Revisió de la demarcació registral.*

De conformitat amb la disposició final tercera del Reial decret 172/2007, de 9 de febrer, pel qual es modifica la demarcació dels registres de la propietat, mercantils i de béns mobles, es revisa la demarcació registral, i queda modificada la demarcació dels registres

de la propietat i determinat el nombre de registradors que han de quedar a càrrec de cada registre mercantil en els termes que estableixen aquest Reial decret i els annexos que s'insereixen a continuació. Així mateix, se segreguen els registres de béns mobles que determina l'article 5.

Article 2. Criteris de modificació de la demarcació dels registres de la propietat.

De conformitat amb el que disposen els articles 275 de la Llei hipotecària i 482 del Reglament hipotecari, es procedeix a modificar la demarcació dels registres de la propietat d'acord amb els criteris següents:

1r Els registres de la propietat que es van establir en virtut del Reial decret 172/2007, de 9 de febrer, d'acord amb el que disposa el tercer paràgraf de l'article 490 del Reglament hipotecari, i no han estat creats efectivament atès que mai els ha exercit cap registrador titular es consideren no establerts ni operatius, i queden integrats amb caràcter definitiu en els registres matrius dels quals procedien.

La determinació dels registres a considerar d'acord amb aquest criteri la conté l'annex I d'aquest Reial decret. Correspon a la Comunitat Autònoma de Catalunya determinar els registres de la propietat concrets considerats no establerts ni operatius que queden integrats amb caràcter definitiu en els registres matrius dels quals procedien en aquesta Comunitat Autònoma, en aplicació d'aquest criteri, en exercici de les seves competències executives, en virtut del que disposa l'article 147.1 de la Llei orgànica 6/2006, de 19 de juliol, de reforma de l'Estatut d'autonomia de Catalunya.

2n Els registres de la propietat establerts en virtut del Reial decret 172/2007, de 9 de febrer, que van ser creats efectivament i en l'actualitat estan vacants, i que van ser reagrupats provisionalment mitjançant l'Ordre JUS/231/2013, de 13 de febrer, d'ajornament de l'efectivitat de la demarcació en relació amb determinats registres de la propietat creats pel Reial decret 172/2007, de 9 de febrer, perquè van quedar deserts en el concurs ordinari corresponent i en el concurs posterior de provisió de places entre aspirants, queden reagrupats automàticament al registre o registres de la propietat dels quals procedien per segregació o divisió abans de l'entrada en vigor del Reial decret esmentat. No obstant això, si el Registre al qual s'aplica aquest criteri té la seva seu actual en una localitat on no hi ha més registres de la propietat, és procedent la seva agrupació amb aquell amb el qual s'ha unit plenament, tot i que amb caràcter transitori a la corresponent ordre d'ajornament de l'efectivitat de la demarcació anteriorment esmentada.

La determinació dels registres a reagrupar d'acord amb aquest criteri i, si s'escau, la forma d'agrupació especial, les conté l'annex II d'aquest Reial decret. Correspon a la Comunitat Autònoma de Catalunya determinar els registres concrets a reagrupar en aquesta Comunitat Autònoma en aplicació d'aquest criteri, així com portar a terme la seva reagrupació o agrupació especial que, si s'escau, justifiqui, en exercici de les seves competències executives, en virtut del que disposa l'article 147.1 de la Llei orgànica 6/2006, de 19 de juliol, de reforma de l'Estatut d'autonomia de Catalunya.

3r Els registres de la propietat amb un volum de presentació de menys de 1.000 documents l'any segons la mitjana anual dels documents presentats en el període 2009 a 2015 actualment en situació d'interinitat perquè han quedat vacants, almenys, en dos concursos consecutius, s'agrupen amb els registres matrius dels quals procedeixin, o amb els segregats procedents d'aquests, o amb aquell o aquells amb què històricament hagin estat agrupats, o amb aquell o aquells amb què territorialment estiguin vinculats i els districtes hipotecaris respectius dels quals siguin adjacents i tinguin un volum de presentació més baix o amb el que per raons de servei públic es determini.

Els registres de la propietat agrupats d'acord amb aquest criteri queden coberts per un únic registrador, i funcionen com un únic Registre de la Propietat a tots els efectes legals.

La determinació dels registres a agrupar d'acord amb aquest criteri i la forma de l'agrupació es fa a l'annex III. Correspon a la Comunitat Autònoma de Catalunya determinar els registres concrets a agrupar en aquesta Comunitat Autònoma en aplicació d'aquest criteri, la manera en què es porti a terme aquesta agrupació, així com l'oficina que tingui la

condició de principal, en exercici de les seves competències executives, en virtut del que disposa l'article 147.1 de la Llei orgànica 6/2006, de 19 de juliol, de reforma de l'Estatut d'autonomia de Catalunya.

4t S'exceptuen de l'aplicació dels criteris establerts anteriorment els registres de la propietat en què concorrin les circumstàncies que s'hi descriuen, i que per raons d'organització territorial no s'hagin d'amortitzar a la Comunitat Autònoma de Catalunya, segons determini aquesta en exercici de les seves competències executives, en virtut del que disposa l'article 147.1 de la Llei orgànica 6/2006, de 19 de juliol, de reforma de l'Estatut d'autonomia de Catalunya. La determinació per part de la Comunitat Autònoma de Catalunya dels registres de la propietat exceptuats de l'aplicació dels criteris esmentats, i per tant, subsistents, té caràcter excepcional i ha de ser motivada.

Article 3. Alteració de circumscripcions territorials, en aplicació del principi d'organització territorial autonòmica, provincial i municipal.

Amb caràcter especial, es modifiquen els districtes hipotecaris de determinats registres de la propietat, bé mitjançant la seva alteració per segregació i agrupació posterior de part del seu districte a altres d'adjacents, bé mitjançant la seva segregació definitiva en la forma que conté l'annex IV.

Correspon a la Comunitat Autònoma de Catalunya, en aplicació del principi d'organització territorial autonòmica i en exercici de les seves competències executives, en virtut del que disposa l'article 147.1 de la Llei orgànica 6/2006, de 19 de juliol, de reforma de l'Estatut d'autonomia de Catalunya, portar a terme les alteracions que preveu aquest article.

Article 4. Determinació del nombre de registradors que han d'estar a càrrec dels registres mercantils i de béns mobles.

A partir de la capitalitat i circumscripció actuals dels registres mercantils i de béns mobles, el nombre de registradors que han d'estar a càrrec de cada Registre Mercantil i de Béns Mobles es determina d'acord amb les regles següents:

1a Cada Registre Mercantil i de Béns Mobles ha d'estar cobert en règim de divisió personal pel nombre de registradors que determini el resultat de dividir la mitjana del total de documents gestionats en el Registre Mercantil i de Béns Mobles que es consideri els anys 2011 a 2015 entre 22.500. Per a l'obtenció del resultat, s'han de considerar només els nombres enters, i s'han de descartar els decimals de la xifra resultant.

2a Si el resultat obtingut de la divisió a què es refereix la regla primera d'aquest article assenjala un nombre de registradors mercantils inferior al que actualment està determinat s'ha de procedir a fer les reagrupacions necessàries per assolir el volum de càrrega fixat com a referència, bé amb una altra plaça del Registre Mercantil de la mateixa capitalitat, si n'hi ha, o bé, si no n'hi ha, i si actualment no ho està ja, amb un altre Registre de la Propietat de la mateixa capitalitat en què es practiquin, de mitjana en els últims quatre anys, menys de 4.000 assentaments de presentació.

Com a conseqüència del que disposen les regles precedents, s'amplien les places de registrador que detalla l'annex V, i es procedeix a la reagrupació dels registres que assenjala l'annex VI. Per als registres mercantils respecte dels quals actualment no es pot determinar, de conformitat amb les regles precedents, el Registre de la Propietat amb què s'han de reagrupar, atès que n'hi ha més d'un a la mateixa capital sense que cap d'aquests sigui incongru actualment d'acord amb el que disposa el criteri 3r de l'article 2 d'aquest Reial decret, s'habilita el ministre de Justícia perquè, en el termini d'un any, mitjançant l'expedient oportú, procedeixi a fixar-los, així com el moment de la seva execució.

S'exceptua de la regla anterior i no s'ha de procedir a l'agrupació dels registres mercantils que, tot i estar ubicats a la capital de la comunitat autònoma, s'hagin creat pel Reial decret 172/2007, de 9 de febrer, i no estiguin en alguna de les situacions a què es refereixen els criteris 1r i 2n de l'article 2.

Correspon a la Comunitat Autònoma de Catalunya ampliar les places de registrador en els registres mercantils del seu àmbit territorial d'acord amb els criteris que assenyala el present article, en exercici de les seves competències executives, en virtut del que disposa l'article 147.1 de la Llei orgànica 6/2006, de 19 de juliol, de reforma de l'Estatut d'autonomia de Catalunya.

Les comunitats autònomes amb competències executives en matèria de demarcació han de revisar en el termini d'un any des de l'entrada en vigor d'aquest Reial decret el nombre de places que han d'estar a càrrec dels registres mercantils i de béns mobles del seu àmbit territorial segons el que estableix aquest article i, si s'escau, han de procedir a l'ampliació de les places de registrador o a la reagrupació d'aquestes, per a la qual cosa el Ministeri de Justícia, a través de la Direcció General dels Registres i del Notariat, ha de traslladar el mes següent a la publicació en el «Butlletí Oficial de l'Estat» d'aquest Reial decret la informació pertinent que resulta de l'expedient tramitat per a aquesta demarcació.

Article 5. *Modificació de la demarcació dels registres de béns mobles.*

Una vegada determinat el nombre de registradors a càrrec dels registres mercantils i de béns mobles d'acord amb el que disposa l'article anterior, se segreguen dels registres mercantils i tenen la consideració d'independents els registres de béns mobles en què la mitjana del total de documents gestionats corresponents a aquests registres durant els anys 2011 a 2015 excedeix els 30.000.

Els registres de béns mobles segregats han d'estar a càrrec del nombre de registradors que resulti de dividir la mitjana a què es refereix el paràgraf anterior entre 30.000, i s'han de descartar els decimals de la xifra resultant.

La determinació dels registres afectats per aquest article és la que conté l'annex VII.

Correspon a la Comunitat Autònoma de Catalunya la determinació dels registres afectats per aquest article en el seu àmbit territorial i concretar els registres a agrupar en aquesta Comunitat Autònoma, en exercici de les seves competències executives, en virtut del que disposa l'article 147.1 de la Llei orgànica 6/2006, de 19 de juliol, de reforma de l'Estatut d'autonomia de Catalunya.

Article 6. *Obertura d'un nou llibre diari d'operacions.*

Els registres de la propietat als quals es refereix el criteri 2n de l'article 2 han de procedir en la mateixa data en què sigui efectiva la reagrupació o l'agrupació especial, si s'escau, al tancament de tots els llibres diaris dels registres integrats o agrupats, mitjançant una diligència signada pel registrador competent, i a l'obertura immediata d'un llibre diari únic per al Registre reagrupat o agrupat especialment. En cas que s'hagi procedit ja al tancament dels diaris corresponents amb caràcter provisional, aquest tancament es considera definitiu.

Els registres de la propietat als quals es refereix el criteri 3r de l'article 2 han de procedir en la mateixa data en què sigui efectiva l'agrupació al tancament de tots els llibres diaris dels registres agrupats, mitjançant una diligència signada pel registrador competent, i a l'obertura immediata d'un llibre diari únic per al nou registre agrupat que s'ha de portar en el que resulti com a oficina principal.

Disposició addicional primera. *Oficines registrals d'atenció a l'usuari.*

A les localitats corresponents a la capitalitat de registres que en virtut dels criteris 2n i 3r de l'article 2 d'aquest Reial decret quedin agrupats amb registres situats en una localitat diferent, s'han de mantenir obertes al públic les oficines ja creades, en les quals, si s'escau, s'han de seguir exercint les funcions corresponents a la gestió de l'oficina liquidadora o altres de complementàries que tinguin atribuïdes. S'exceptua el cas en què en la mateixa localitat del registre a reagrupar o a agrupar, si s'escau, subsisteixi un altre registre no amortitzat per aquest Reial decret.

En aquestes oficines els usuaris poden efectuar presentacions i retirades de tota classe de documents, així com sol·licitar i obtenir publicitat formal i tota la resta d'operacions pròpies de les oficines principals del Registre de la Propietat amb les quals han estat agrupades, amb les quals han d'estar telemàticament connectades.

Les despeses necessàries per al funcionament i la conservació d'aquestes oficines les han de costejar els registradors a càrrec dels quals estiguin els registres agrupats d'acord amb el que disposa l'article 294 de la Llei hipotecària, sense perjudici del règim de còngrues que estableixen els Estatuts del Col·legi de Registradors de la Propietat i Mercantils d'Espanya aprovats pel Reial decret 483/1997, de 14 d'abril.

Disposició addicional segona. *Nomenament de registradors accidentals.*

Quan per raó del servei professional es donin circumstàncies extraordinàries en determinats registres, en relació amb el despatx de documents que hagin motivat un retard reiterat en la prestació del servei registral a causa del creixement accelerat i anormal del nombre d'assentaments de presentació, sempre que es fonamenti la previsió que aquesta situació es pot prolongar almenys un any, o quan així ho sol·liciti el registrador per una altra justa causa, la Direcció General dels Registres i del Notariat o l'administració autonòmica competent ha de nomenar un o més registradors amb caràcter d'accidentals pel termini màxim d'un any.

Disposició addicional tercera. *Resolució de dubtes.*

La Direcció General dels Registres i del Notariat ha de procedir a resoldre els dubtes que sorgeixin de la demarcació portada a efecte per aquest Reial decret respecte als límits físics de l'execució pràctica de la modificació operada; l'atribució a un registre determinat de les adscripcions, les segregacions, els canvis o les alteracions administratives de termes municipals, o qualssevol altres problemes relatius a aquesta modificació de la demarcació que els registradors afectats sotmetin a consulta.

Correspon a la Comunitat Autònoma de Catalunya resoldre els dubtes que se suscitin com a conseqüència de l'execució per aquesta Comunitat dels criteris que estableix l'article 2, en exercici de les seves competències executives, en virtut del que disposa l'article 147.1 de la Llei orgànica 6/2006, de 19 de juliol, de reforma de l'Estatut d'autonomia de Catalunya.

Disposició addicional quarta. *Descripció topogràfica i planimètrica dels districtes hipotecaris.*

El Col·legi de Registradors de la Propietat i Mercantils d'Espanya ha de formular, en el termini de tres mesos des de l'entrada en vigor d'aquest Reial decret, el pla de descripció topogràfica i planimètrica que defineixi, d'acord amb el sistema de referència geodèsic oficial, per a la referenciació geogràfica i cartogràfica, els límits dels districtes hipotecaris de tots els registres de la propietat, per a la seva aprovació per la Direcció General dels Registres i del Notariat.

Disposició transitòria primera. *Registres de béns mobles.*

La segregació dels registres de béns mobles ha de ser una segregació funcional que potencii la divisió del treball i l'especialització dels registradors. Com a tal, no pot donar lloc a un increment dels costos operatius corresponents a la gestió dels registres, per la qual cosa s'ha de preservar l'ús comú de les infraestructures físiques i tecnològiques del Registre Mercantil del qual se segreuen.

Els registradors que actualment estan a càrrec dels registres mercantils i de béns mobles afectats pel que disposa l'article 5 han d'escollir per ordre d'antiguitat, d'acord amb les normes generals, cobrir una plaça de registrador a càrrec del Registre Mercantil o de Béns Mobles, segons els casos.

Si en el Registre Mercantil i de Béns Mobles objecte d'elecció s'han creat noves places de registrador de conformitat amb el que estableixen l'article 4 i l'annex V d'aquest Reial decret, l'elecció efectuada s'ha de comunicar a la Direcció General dels Registres i del Notariat en el termini de quinze dies a comptar des de l'entrada en vigor d'aquest Reial decret. En cas que no s'hagin creat noves places de registrador en el Registre Mercantil i de Béns Mobles esmentat, llevat d'un acord unànim de tots els registradors afectats, el dret d'elecció s'ha d'exercir en el termini de quinze dies a comptar del moment en què quedi vacant, per qualsevol causa, la primera plaça de registrador que actualment està determinada per cobrir el Registre Mercantil i de Béns Mobles de què es tracti, i fins aquesta data queda ajornada l'efectivitat de la segregació del Registre de Béns Mobles que estableixen l'article 5 i l'annex VII d'aquest Reial decret.

La plaça o les places de Registre Mercantil o de Registre de Béns Mobles que no hagin estat escollides per cap dels registradors afectats, d'acord amb el que estableixen els paràgrafs anteriors, s'han d'incloure per a la seva provisió en el concurs ordinari immediatament posterior a aquell en què s'efectuï l'elecció.

Pel que fa als registres mercantils i de béns mobles en què, de conformitat amb el que estableixen l'article 4 i l'annex V d'aquest Reial decret, es creen més de quatre places de registrador, les noves places de registrador a càrrec del Registre de Béns Mobles s'han de proveir d'acord amb el que disposen els paràgrafs anteriors. No obstant això, les noves places de registrador a càrrec exclusivament del Registre Mercantil no s'han d'incloure per a la seva provisió fins al primer concurs ordinari que tingui lloc immediatament després de transcorregut un any des de l'entrada en vigor d'aquest Reial decret.

Disposició transitòria segona. *Concursos.*

Des de l'entrada en vigor d'aquest Reial decret, els registradors afectats perquè són el Registre de la Propietat que cobreixen és objecte d'aquesta demarcació, o perquè es determina un nombre de places de registradors que han d'estar a càrrec del Registre Mercantil i de Béns Mobles que en particular estan cobrint superior a l'actual, poden participar en concursos de provisió de vacants, tot i que no hagi transcorregut el termini d'un any a què es refereix l'article 497 del Reglament hipotecari. Això mateix s'entén pel que fa als registradors que actualment estan a càrrec de registres mercantils i de béns mobles en relació amb els quals s'hagi procedit a segregar el Registre de Béns Mobles de conformitat amb el que estableix aquest Reial decret encara que no s'hagin creat prèviament noves places per a aquests.

Disposició transitòria tercera. *Amortització de places.*

En els supòsits d'agrupació de dos o més registres de la propietat en un de sol als quals es refereixen els annexos II i III, l'agrupació efectiva s'ha de produir en el termini de tres mesos des de l'entrada en vigor d'aquest Reial decret. En cas que cap dels registres de la propietat agrupats estigui cobert per un registrador titular, el Registre de la Propietat resultant de l'agrupació s'ha d'incloure en la convocatòria del proper concurs ordinari de provisió de registres i l'agrupació ha de tenir lloc en el moment en què aquest Registre de la Propietat agrupat l'ocupi un registrador titular.

En el moment en què es faci efectiva l'agrupació, s'entén que el registrador interí que cobreixi el Registre agrupat que no constitueixi una oficina principal cessa de manera automàtica en la seva condició de tal.

Les agrupacions de registres mercantils a què es refereix la regla 2a de l'article 4 no poden implicar un trasllat forçós de registradors, de manera que l'efectivitat d'aquestes queda posposada al moment en què quedi vacant, per qualsevol causa, la primera plaça de registrador dels afectats per les agrupacions esmentades.

Disposició transitòria quarta. *Trasllat de finques.*

En relació amb les finques que estiguin radicades en territori corresponent a dos o més registres, ajuntaments o seccions, estiguin inscrites en més d'un registre, ajuntament o secció a l'entrada en vigor d'aquest Reial decret, s'ha de procedir de la manera que determina l'article 3r del Reglament hipotecari.

A aquest efecte, s'entén sol·licitat el trasllat amb la pràctica de l'assentament de presentació del títol que contingui les finques esmentades en qualsevol dels registres en què estiguin inscrites.

Els conflictes que com a conseqüència del trasllat a què es refereix aquesta disposició transitòria puguin sorgir per una falta de coincidència eventual en els historials registrals de les finques inscrites en diversos registres es resolen segons les normes previstes per a l'esmena de doble o múltiple immatriculació.

Disposició derogatòria única. *Derogació normativa.*

Queden derogades la disposició addicional primera del Reglament del Registre Mercantil, aprovat pel Reial decret 1784/1996, de 19 de juliol; l'Ordre JUS/3132/2007, de 23 d'octubre, per la qual es dicten normes per a la interpretació i l'execució del Reial decret 172/2007, de 9 de febrer, pel qual es modifica la demarcació dels registres de la propietat, mercantils i de béns mobles; l'Ordre JUS/231/2013, de 13 de febrer, d'ajornament de l'efectivitat de la demarcació en relació amb determinats registres de la propietat creats pel Reial decret 172/2007, de 9 de febrer, pel qual es modifica la demarcació dels registres de la propietat, mercantils i de béns mobles, així com totes les disposicions d'aquest rang o inferior que s'oposin al que estableix aquest Reial decret.

Disposició final primera. *Modificació del Reglament hipotecari, aprovat pel Decret de 14 de febrer de 1947.*

L'article 2n del Reglament hipotecari, aprovat pel Decret de 14 de febrer de 1947, queda redactat de la manera següent:

«1. De conformitat amb el que disposa el paràgraf segon de l'article primer de la Llei, les inscripcions o anotacions s'han de fer en el Registre en la circumscripció territorial del qual radiquin els immobles.

Si alguna finca radica en un territori pertanyent a dos registres o més, és íntegrament competent aquell en la circumscripció del qual s'ubiqui la major part de la finca.

2. Qualsevol alteració de la demarcació registral s'ha d'acompanyar de la delimitació geogràfica georeferenciada dels districtes registrals resultants».

Disposició final segona. *Habilitació per al desplegament reglamentari.*

S'habilita el ministre de Justícia per dictar les normes complementàries que siguin necessàries per interpretar i aplicar aquest Reial decret i, en especial, el que fa referència al règim transitori.

Disposició final tercera. *Revisió de la demarcació registral.*

1. El Ministeri de Justícia, a través de la Direcció General dels Registres i del Notariat, ha d'elaborar en el termini de tres anys a partir de l'entrada en vigor d'aquest Reial decret els estudis necessaris per modificar la demarcació registral, en els supòsits i les condicions que preveu l'article 275 de la Llei hipotecària.

Per contribuir a un disseny millor de la demarcació registral, els estudis anteriors han de preveure necessàriament les expectatives d'evolució de l'activitat econòmica i altres variables que incideixen en la demanda del servei registral. Per a això s'ha de recórrer

sempre que sigui possible a fonts d'informació oficials i, quan no ho sigui, a altres fonts l'ús de les quals ha de ser degudament motivat.

Adicionalment, en el disseny de la nova demarcació registral s'han d'utilitzar factors que valorin l'eficiència i la qualitat amb la qual es presta el servei registral. Per a això, la Direcció General dels Registres i del Notariat ha d'elaborar i publicar, almenys amb caràcter anual, a la seva pàgina web i a la del Col·legi de Registradors de la Propietat i Mercantils d'Espanya, informació relativa als paràmetres següents: estadístiques sobre els temps de resposta de cada registre; estadístiques sobre dotació de personal de cada registre; estadístiques sobre la dotació en mitjans tècnics, amb una referència especial als mitjans tecnològics de cada registre; estadístiques sobre el grau d'utilització dels mitjans tecnològics i telemàtics. Aquesta informació s'ha d'elaborar per al conjunt de la xarxa registral i per a cadascun dels registres individualment considerats i s'ha de presentar en un format que faciliti l'explotació de dades per tercers.

Igualment, la Direcció General de Registres i del Notariat ha d'elaborar un informe anual que doni compte del funcionament i de la valoració pels usuaris de la xarxa registral i de les seves oficines. Per a això, ha d'explotar entre altres instruments la informació que obtingui dels instruments utilitzats per a la inspecció dels registres, en concret, les parts anuals que preveu l'article 269 de la Llei hipotecària i les certificacions a què es refereix l'article 270 de la mateixa Llei. Aquests informes s'han d'acompanyar de la proposta de la nova demarcació registral que s'elabori en el termini previst per aquesta disposició final.

2. La Direcció General dels Registres i del Notariat ha de sol·licitar als registres de la propietat, mercantils i de béns mobles les estadístiques i enquestes necessàries als efectes de la confecció en el termini indicat dels estudis a què es refereix l'apartat precedent.

Disposició final quarta. *No-increment de la despesa pública.*

L'entrada en vigor d'aquest Reial decret no produeix cap increment del nombre d'efectius, ni de les retribucions, ni d'altres despeses de personal amb impacte pressupostari en cap administració pública.

Disposició final cinquena. *Títol competencial.*

Aquest Reial decret es dicta a l'empara del que disposa l'article 149.1.8a de la Constitució espanyola, que atribueix a l'Estat la competència exclusiva sobre l'ordenació dels registres i instruments públics. S'exceptua el que fa referència al Registre Mercantil i al Registre de Béns Mobles, que s'empara en la competència atribuïda a l'Estat per l'article 149.1.6a de la Constitució espanyola sobre legislació mercantil.

Disposició final sisena. *Entrada en vigor.*

Aquest Reial decret entra en vigor l'endemà de la publicació en el «Butlletí Oficial de l'Estat».

Madrid, 3 de març de 2017

FELIPE R.

El ministre de Justícia,
RAFAEL CATALÁ POLO
