AGREEMENT

between the European Economic Community and the Republic of Korea on trade in textile products

THE COUNCIL OF THE EUROPEAN COMMUNITIES,
of the one part, and

THE GOVERNMENT OF THE REPUBLIC OF KOREA
of the other part,

RECOGNIZING the importance of trade in textile products between the European Economic Community (hereinafter referred to as the 'Community') and the Republic of Korea,

HAVING REGARD to the Arrangement regarding International Trade in Textiles (hereinafter referred to as 'the Geneva Arrangement'), and in particular Article 4 thereof; and to the Protocol extending the said Arrangement together with the Conclusions adopted on 22 December 1981 by the Textiles Committee,

HAVE DECIDED to conclude this Agreement and to this end have designated as their Plenipotentiaries:

THE COUNCIL OF THE EUROPEAN COMMUNITIES:

THE GOVERNMENT OF THE REPUBLIC OF KOREA:

HAVE AGREED AS FOLLOWS:

SECTION I

Trade Arrangements

Article 1

1. The parties recognize and confirm that, subject to the provisions of this Agreement and without prejudice to their rights and obligations under the General Agreement on Tariffs and Trade, the conduct of their mutual trade in textile products shall be governed by the provisions of the Geneva Arrangement.

2. In respect of the products covered by this Agreement, the Community undertakes not to introduce quantitative restrictions under Article XIX of the General Agreement on Tariffs and Trade or Article 3 of the Geneva Arrangement.

3. Measures having equivalent effect to quantitative restrictions on the importation into the Community of the products covered by this Agreement shall be prohibited.

Article 2

1. This Agreement shall apply to trade in textile products originating in the Republic of Korea of cotton, wool and man-made fibres which are listed in Annex I.

2. The classification of the products covered by this Agreement is based on the nomenclature of the Common Customs Tariff and on the Nomenclature of Goods for the External Trade statistics of the Community and the Statistics of Trade between Member States (NIMEXE).

3. The origin of the products covered by this Agreement shall be determined in accordance with the rules in force in the Community. Any amendment to the rules of origin shall be communicated to Korea and shall not have the effect of reducing any quantitative limit established in Annex II.

The procedure for control of the origin of the products referred to above is laid down in Protocol A.

Article 3

The Republic of Korea agrees to restrain its exports to the Community of the products described in Annex II to the limits set out therein for each Agreement year.

Exports of textile products set out in Annex II shall be subject to a double-checking system specified in Protocol A.

Article 4

The Republic of Korea and the Community recognize the special and differential character of reimports of textile

products into the Community after processing in the Republic of Korea.

Such reimports may be agreed outside the quantitative limits established under this agreement provided that they are effected in accordance with the regulations on economic outward processing in force in the Community.

Article 5

1. Exports of cottage industry fabrics woven on hand- or foot-operated looms, garments or other articles obtained manually from such fabrics and traditional folklore handicrafts products shall not be subject to quantitative limits, provided that these products meet the conditions laid down in Protocol B.

2. Imports into the Community of textile products covered by this Agreement shall not be subject to the quantitative limits established in Annex II, provided that they are declared to be for re-export outside the Community in the same state or after processing, under the administrative system of control set up for this purpose within the Community.

However, the release for home use of products imported under the conditions referred to above shall be subject to the production of an export licence issued by the Republic of Korea authorities, and to proof of origin in accordance with the provisions of Protocol A.

3. Where the competent authorities have evidence that imports of textile products have been set off against a quantitative limit established under this Agreement, but that the products have subsequently been re-exported outside the Community, the authorities concerned shall inform the Republic of Korea authorities within four weeks of the quantities involved and authorize imports of identical quantities of the same products, which shall not be set off against the quantitative limit established under this Agreement for the current or the following Agreement year.

Article 6

1. In any one Agreement year advance use of a portion of the quantitative limit established for the following Agreement year may be agreed following consultations in accordance with the procedures referred to in Article 16, paragraph 1 for each category of products except for categories 1, 2 and 3, between 1 and 5 % of the quantitative limit for the current Agreement year. Amounts delivered in advance shall be deducted from the corresponding quantitative limits established for the following Agreement year.

2. Carry-over to the corresponding quantitative limit for the following Agreement year of amounts not used during any one Agreement year may be agreed following consultations in accordance with the procedures referred to in Article 16, paragraph 1 for each category of product except for categories 1, 2 and 3 between 1 and 5 % of the quantitative limit for the current Agreement year.

3. Transfers in respect of categories in Group I shall not be made from any category except as follows:

Transfers between categories 4, 5, 6, 7 and 8 may be made for any Agreement year up to 3,5 % of the quantitative limit for the category to which the transfer is made.

Transfers into any category in Groups II and III may be made from any category or categories in Groups I, II and III for any Agreement year up to 5 % of the quantitative limit for the category to which the transfer is made.

4. The table of equivalence applicable to the transfers referred to above is given in Annex I to this Agreement.

5. The increase in any category of products resulting from the cumulative application of the provisions in paragraphs 1, 2 and 3 above during an Agreement year shall not exceed the following limits:

- for categories of products in Group I 10%,
- for categories of products in Groups II and III 11%.

6. Prior notification shall be given by the authorities of Korea in the event of recourse to the provisions of paragraphs 1, 2 and 3 above.

7. Recourse to carry-over up to the limits agreed in accordance with paragraph 2 shall be preceded by a written notification from the Republic of Korea authorities. If substantial statistical differences exist between the export data from which the amount to be carried over is calculated and the Community's data the Community may, within the first 120 days of the following Agreement year, request consultations on the amounts involved. Any such request shall be accompanied by full particulars of the alleged statistical differences. Where such a request is made, the portions carried over shall not be used until the parties have completed consultations. If no such request is made within the 120-day period, the portion carried over shall be presumed to have been calculated correctly.

Article 7

1. Exports of textile products not listed in Annex II to this Agreement may be made subject to quantitative limits by the Republic of Korea on the conditions laid down in the following paragraphs.

2. Where the Community finds, under the system of administrative control set up, that the level of imports of products in a given category not listed in Annex II originating in the Republic of Korea exceeds, in relation to the preceding year's total imports into the Community of products in that category, the following rates:

- for categories of products in Group II 1,0%,
- for categories of products in Group III 3,0%

it may request the opening of consultations in accordance with the procedure described in Article 16 of this Agreement, with a view to reaching agreement on an appropriate restraint level for the products in such category.

The Community shall authorize the importation of products of the said category shipped from the Republic of Korea before the date on which the request for consultations was submitted.

3. Pending a mutually satisfactory solution, the Republic of Korea undertakes from the date of notification of the request for consultations to limit exports of the products in the category concerned to the Community or to the region or regions of the Community market specified by the Community for a provisional period of three months from the date on which the request for consultations is made. Such provisional limit shall be established at 25 % of the level of imports reached during the calendar year preceding that in which imports exceeded the level resulting from the application of the formula set out in paragraph 2, and gave rise to the request for consultations, or 25 % of the level resulting from the application of the formula set out in paragraph 2, whichever is the higher.

However, in exceptionally grave circumstances, following a request by the Community, and pending a mutually satisfactory solution, the Republic of Korea undertakes to suspend at the level indicated by the Community export of the products in the category concerned to the Community or to the regions of the Community market specified by the Community.

4. Should the Parties be unable in the course of consultation to reach a satisfactory solution within the period specified in Article 16 of the Agreement, the Community shall have the right to introduce a definitive quantitative limit at an annual level not lower than the level resulting from the application of the formula set out in paragraph 2, or 106 % of the level of imports reached during the calendar year preceding that in which imports exceeded the level resulting from the application of the formula set out in paragraph 2 and gave rise to the request for consultations, whichever is the higher.

The annual level so fixed shall be revised upwards after consultations in accordance with the procedure referred to in Article 16, with a view to fulfilling the conditions set out in paragraph 2, should the trend of total imports into the Community of the product in question make this necessary.

5. The limits introduced under paragraph 2 or paragraph 4 may in no case be lower than the level of imports of products in that category originating in the Republic of Korea in 1980.

6. Quantitative limits may also be established by the Community on a regional basis in accordance with the provisions of Protocol C.

7. The annual growth rate for the quantitative limits introduced under this Article shall be determined in accordance with the provisions of Protocol D.

8. The provisions of this Article shall not apply where the percentages specified in paragraph 2 have been reached as a result of fall in total imports into the Community, and not as a result of an increase in exports of products originating in the Republic of Korea.

9. In the event of the provisions of paragraph 2, 3 or paragraph 4 being applied, the Korean authorities undertake to issue export licences for products covered by contracts concluded before the introduction of the quantitative limit, up to the volume of the quantitative limit fixed for the current year.

10. Up to the date of communication of the statistics referred to in Article 9 (6) the provisions of paragraph 2 shall apply on the basis of the annual statistics previously communicated by the Community.

11. The provisions of this Agreement which concern exports of products subject to the quantitative limits established in Annex II shall also apply to products for which quantitative limits are introduced under this Article.

Article 8

1. Where the Community ascertains that the level of imports in a given category of Group I subject to quantitative limits set out in Annex II exceeds in any Agreement year the level of imports in the preceding year by 10 % of the level of the quantitative limit set out in Annex II for the current Agreement year, it may request the opening of consultations in accordance with the provisions described in Article 16 of this Agreement with a view to reaching agreement on:

- the suspension, wholly or in part, of the provisions of Article 6, or
- a modification of the quantitative limit set out in Annex II by the establishment of an *ad hoc* limit below the existing quantitative limit,
- as well as the corresponding equitable and quantifiable compensation.

2. The Community shall authorize the importation of products of the said category shipped from the Republic of Korea before the date on which the request for consultations was submitted.

Pending a mutually satisfactory solution, the Republic of Korea undertakes for a period of one month from the date of notification of the request for consultations, to restrain exports of the products in the category concerned to the Community or to the region or regions of the Community market specified by the Community to one-twelfth of the level of exports reached during the preceding calendar year.

3. A quantitative limit modified as a result of the application of paragraph 1 in any year preceding the final Agreement year shall be subject to a growth rate so as to ensure that the level of the quantitative limit set out in Annex II for the final Agreement year is regained in that year.

4. Should the Parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 16 of the Agreement, the Republic of Korea undertakes, if so requested by the Community:

- to suspend, wholly or in part, the provisions of Article 6 in respect of the Community or any of its regions for the category concerned, or

- to modify the quantitative limit set out in Annex II for the category concerned so as to restrain exports to the Community or any of its regions to 125% of imports attained during the preceding calendar year, or to the level of exports up to date of the request for consultations plus the level of exports provided for during the consultation period under paragraph 2, whichever is the higher.

In the event that the provisions of this paragraph are applied the Community undertakes to maintain an offer of equitable and quantifiable compensation.

The application of the measures provided for in this paragraph is limited to the year in which the measures are taken.

5. The provisions of paragraph 1 shall not apply to a given category unless the quantitative limits established in Annex II for the Community for that category represent at least 1% of total Community imports during 1980.

6. The provisions of paragraph 1 shall not apply to a given category unless the level of imports originating in the Republic of Korea during the current Agreement year represent at least 50% of the quantitative limit set out in Annex II for that category in the Community as a whole or in any region or regions of the Community concerned.

7. Any limit modified in accordance with the provisions of paragraph 1 or 4 may in no case be lower than the level of imports of products in that category originating in Korea in 1980.

8. The provisions of the Article also apply where the level referred to in paragraph 1 is exceeded in any of the Community's regions. In such a case, the compensation referred to in paragraphs 1 and 4 will concern the region or regions of the Community indicated in the Community's request for consultations.

9. With a view to limiting recourse to paragraph 1 of this Article, the Republic of Korea undertakes to inform the Community of any sharp and substantial increases in the issue of export licences for any category which is likely to lead to the fulfilment of the conditions required for the application of the present Article.

SECTION II

Administration of the Agreement

Article 9

1. The Republic of Korea undertakes to supply the Community with precise statistical information on all export licences issued by the Republic of Korea authorities for all categories of textile products subject to the quantitative limits established under this Agreement as well as on all certificates issued by the Republic of Korea authorities for all products referred to in Article 5 and subject to the provisions of Protocol B.

The Community shall likewise transmit to the Republic of Korea authorities precise statistical information on import authorizations or documents issued by the Community authorities in respect of export licenses and certificates issued by the Republic of Korea.

2. The information referred to in paragraph 1 shall, for all categories of products, be transmitted before the end of the second month following the quarter to which the statistics relate.

3. The Republic of Korea also undertakes to supply the Community with available statistical information on all textile exports by country of destination.

The Community shall transmit to the Republic of Korea authorities import statistics for all products covered by the system of administrative control referred to in Article 7 (2) and for products covered by Article 3 (2).

4. The information referred to in paragraph 3 shall, for all categories of products, be transmitted before the end of the third month following the quarter to which the statistics relate.

5. Should it be found on analysis of the information exchanged that there are significant discrepancies between the returns for exports and those for imports, consultations may be initiated in accordance with the procedure specified in Article 16 of this Agreement.

6. For the purpose of applying the provisions of Article 7 and Article 8, the Community undertakes to provide the authorities of the Republic of Korea before 15 April of each year with the preceding year's statistics on imports of all textile products covered by this Agreement, broken down by supplying country and Community Member State.

Article 10

1. In case of divergent opinions between the Republic of Korea and the competent Community authorities at the point of entry into the Community on the classification of products covered by the present Agreement, classification shall provisionally be based on indications provided by the Community, pending consultations in accordance with Article 16 with a view to reaching agreement on definitive classification of the product concerned.

2. If the above provisional classification results in provisional debit against a quantitative limit for a category of products other than the category indicated on the export document issued by the competent Korean authorities, the Community shall inform Korea of such provisional debit within 30 days.

3. The authorities of the Republic of Korea shall be informed of any amendment to the Common Customs Tariff or NIMEXE of any decision, made in accordance with the procedures in force in the Community, relating to the classification of products covered by this Agreement.

Any amendment to the Common Customs Tariff or NIMEXE or any decision which results in a modification of the classification of products covered by this Agreement shall not have the effect of reducing any quantitative limit established under this Agreement.

The procedures for the application of this paragraph are set out in Protocol A.

Article 11

1. The Republic of Korea and the Community agree to cooperate fully in preventing the circumvention of the present Agreement by transshipment, re-routing or whatever other means.

2. Where information available to the Community as a result of the investigations carried out in accordance with the procedures set out in Protocol A constitutes evidence that products of the Republic of Korea origin subject to quantitative limits established under this Agreement have been transhipped, re-routed or otherwise imported into the Community in circumvention of this Agreement, the Community may request the opening of consultations in accordance with the procedures described in Article 16 (1) of this Agreement, with a view to reaching agreement on an equivalent adjustment of the corresponding quantitative limits established under the Agreement.

3. Pending the result of the consultations referred to in paragraph 2, the Republic of Korea shall as a precautionary measure, if so requested by the Community, make the necessary arrangements to ensure that adjustments of quantitative limits liable to be agreed following the consultations referred to in paragraph 2, may be carried out for the quota year in which the request to open consultations in accordance with paragraph 2 was made, or for the following year if the quota for the current year is exhausted, where clear evidence of circumvention is provided.

4. Should the Parties be unable in the course of consultations to reach a satisfactory solution within the period specified in Article 16 (1) of the Agreement, the Community shall have the right, where clear evidence of circumvention has been provided, to deduct from the quantitative limits established under this Agreement amounts equivalent to the products of the Republic of Korea origin.

Article 12

1. The Republic of Korea shall endeavour to ensure that exports of textile products subject to quantitative limits are spaced out as evenly as possible over an Agreement year, due account being taken, in particular, of seasonal factors.

2. Should there be an excessive concentration of imports on any product within a category subject to quantitative limits under this Agreement, the Community may request consultations in accordance with the procedure specified in Article 16 of this Agreement with a view to remedying this situation.

Article 13

1. For the purpose of the administration of this Agreement, the limits referred to in Article 3 are broken down by the Community into shares for each of its Member States.

2. Portions of the quantitative limits established in Annex II not used in one Member State of the Community may be reallocated to another Member State in accordance with the procedures in force in the Community.

The Community undertakes to examine with care and reply within four weeks to any request made for reallocation by the Republic of Korea. In the event of agreement on such reallocation, the flexibility provisions set out in Article 6 shall continue to be applicable to the levels of the original allocation.

If, in the course of the application of the Agreement, the Republic of Korea finds that the breakdown of a limit established in Annex II causes particular difficulties, it may request the opening of consultations in accordance with the provisions of Article 16 with a view to reaching a mutually satisfactory solution.

3. Should it appear in any given region of the Community that additional supplies are required, the Community may, where measures taken pursuant to paragraph 1 above are inadequate to cover those requirements, authorize the importation of amounts greater than those stipulated in Annex II.

Article 14

Should recourse be had to the denunciation provisions of Article 18 (4), the quantitative limits established in Annex II shall be adapted on a *pro rata* basis.

Article 15

The Republic of Korea and the Community undertake to refrain from discrimination in the allocation of export licences and import documents respectively.

Article 16

1. The special consultation procedures referred to in this Agreement other than those referred to in paragraph 2 of this Article, shall be governed by the following rules:

- any request for consultations shall be notified in writing to the other Party,
- the request for consultations shall be followed within a reasonable period (and in any case not later than 15 days following the notification) by a statement setting out the reasons and circumstances which, in the opinion of the requesting Party, justify the submission of such a request,
- the Parties shall enter into consultations within one month at the latest of notification of the request, with a view to reaching agreement or a mutually acceptable conclusion within one further month at the latest.

2. The special consultation procedures referred to in Article 8 of the Agreement shall be governed by the following rules:

- any request for consultation shall be notified in writing to the other Party, together with a statement setting out the reasons and circumstances which, in the opinion of the requesting Party, justify the submission of such a request.
- the Parties shall enter into consultations within 15 days at the latest of notification of the request, with a view to reaching agreement or a mutually acceptable conclusion within a further 15 days at the latest.

3. If necessary, at the request of either of the Parties and in conformity with the provisions of the Geneva Arrangement, consultations shall be held on any problems arising from the application of this Agreement. Any consultations held under this Article shall be approached by both Parties in a spirit of cooperation and with a desire to reconcile the difference between them.

Article 17

This Agreement shall apply to the territories within which the Treaty establishing the European Economic Community is applied and under the conditions laid down in that Treaty on the one hand, and to the territory of the Republic of Korea on the other hand.

Article 18

1. This Agreement shall enter into force on the first day of the month following the date on which the Contracting Parties notify each other of the completion of the procedures necessary for this purpose. It shall be applicable until 31 December 1986.

2. This Agreement shall apply with effect from 1 January 1983.

3. Either Party may at any time propose modifications to the Agreement.

4. Either Party may at any time denounce this Agreement provided that at least 60 days' notice is given. In that event the Agreement shall come to an end on the expiry of the period of notice.

5. The Annexes and Protocols to this Agreement, the agreed minutes and the exchange of letters shall form an integral part thereof.

Article 19

This Agreement shall be drawn up in two copies in the Danish, Dutch, English, French, German, Greek, Italian and Korean languages, each of these texts being equally authentic.
